

HOW TO?

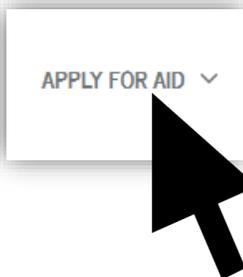

Submit **corrections** to the FAFSA

1

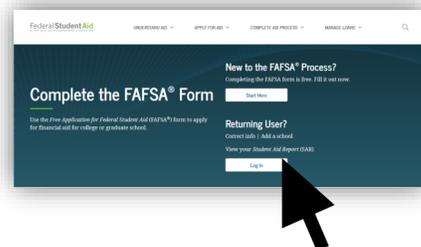

Go to studentaid.gov.

2

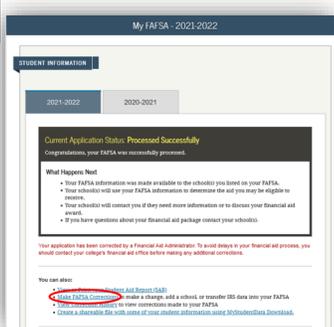

Hover over **Apply For Aid** at the top of the page and click **Complete the FAFSA Form**.

3

Under **Returning User?** click the **Log In** button.

4

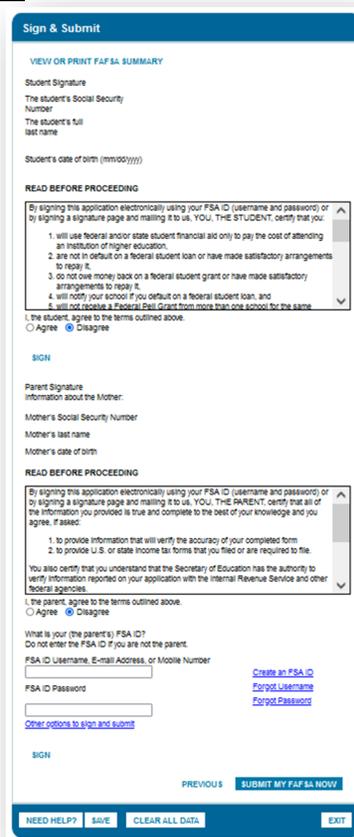

Login to the FAFSA using your FSA ID and password. You can use the **Forgot Username** or **Forgot Password** links if you need assistance retrieving your login credentials.

Next, select the academic year for the FAFSA you wish to correct, and click **Make FAFSA Corrections** at the bottom of the page.

You'll be prompted to create a save key and then able to make corrections to the FAFSA information provided previously.

5

Be sure to navigate to the **Sign and Submit** section at the end of the application and submit the FAFSA! You may need FSA IDs and passwords again in order to submit your corrections.

Any correction you make to your FAFSA will be processed and submitted to all schools listed in the application within 3-5 business days.

If the current application status does not say "Processed Successfully" in Step Four, the application is still processing and you will be unable to make corrections at this time.
